

About me I am Dad/son/brother and friend to some, my children are all at age where I decided to continue my education to show them that its never to late to chase your goals. My goals in natural resources field is to get my diploma and go to university and get my RPF eventually so that I can help either my community or another community protect and manage our forest for future generations.

Name: Dallas George

Program: ERNT year 2

Location: Merritt/ Alkali Lake

Why I would like to be elected to the Student Society: for the experience life is about taking chances and going through experiences that help us learn about ourselves.
