Co-op Work Term: Networking Contacts, Mentors, and/or References

Networking:
Imagine if on each work term you collect 5 contact names. Over the course of three work terms that would be 15 solid contacts you would have upon graduation. What and advantage! Most university students can spend up to a year after graduation, developing this kind of network.

List two potential contacts for networking with, mentors, and/or references that you have made on this work term. Consider fellow employees, supervisors and managers.

#1 Contact Name	
Title:	
Company:	
E-mail:	
Phone:	

How can this person be an important contact for you?

_____

_____

_____

#2 Contact Name	
Title:	
Company:	
E-mail:	
Phone:	

How can this person be an important contact for you?

_____

_____
